The TrackMan Experience

The Trackman Experience will elevate one of your par fives with the “Guess your Distance” game. This allows everyone to participate and see their Trackman Numbers show up on the monitor, regardless of how far you hit it!

>Players will call out the distance they think they hit it, while the ball is in the air. If they guess within 10 yards of their actual distance, they receive 5 raffle tickets and their team gets to drop at the 100 yard marker ON THE PAR FIVE! What an advantage!!

If they don't guess, they still get to move up to the 200 yard marker, which helps pace of play tremendously!!
